The Guest House

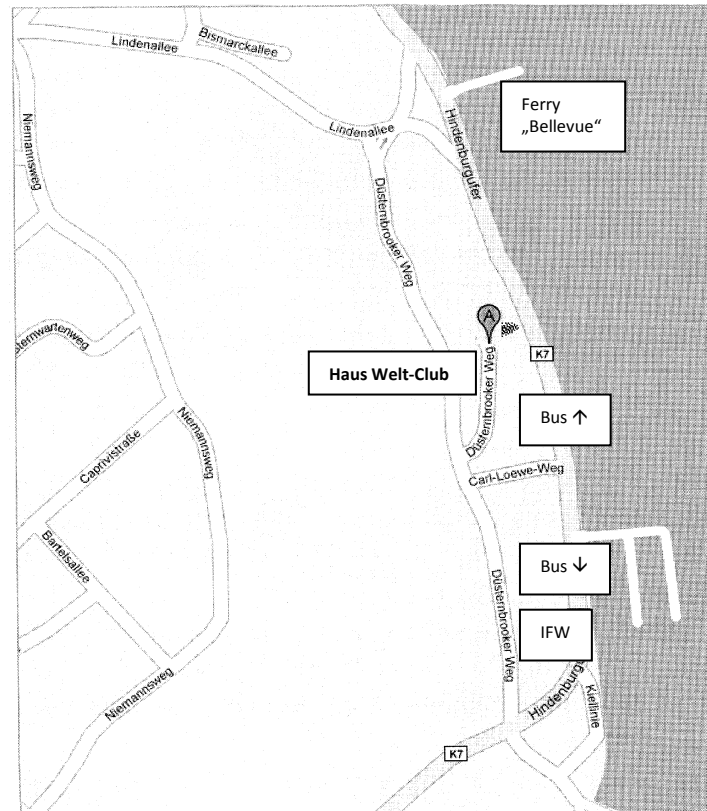

Located at the waterfront of the Kieler Förde, House Welt-Club offers participants of education programs at the Kiel Institute for the World Economy and guests from all over the world accommodation facilities for 30 persons in 26 single rooms (12 to 21 qm) and 4 double appartements (20 qm). The single rooms are equipped with wash-bowl, furniture and have internet connection. On each floor there are communal toilets, showers and a kitchen room that is equipped with furniture, refrigerator and cooker. Every two weeks you receive new bed clothes, towels and dishclothes.

The service and equipment are not comparable with a hotel or pension, but we think you will have a pleasant stay at our house in a nice atmosphere. On each floor there is a lounge, outside there is a terrace where you can make BBQ and a table tennis table to keep you in shape. In the cellar there is a computer and television room for the guests. There exists a lockable room for bicycles and a laundry with washing machines and tumble dryer.

How do I get to Haus Welt-Club?

Haus Welt-Club is located in front of the Kiel Fjord. You can reach the entrance via the water-side (Hindenburgufer) or via Düsternbrooker Weg.
